To The Citizens of Missouri:

I am pleased to present the 121st edition of the Missouri Department of Insurance "Annual Report and Statistical Data," covering the calendar year 1990. This is our first report since being elevated to department status on July 1, 1991 by constitutional amendment approved by Missouri voters in August 1990.

I have found my two years as Director of Insurance full of challenges and excitement. Many people have only recently recognized insurance as a major economic force in our country. This recognition has brought about new considerations of the functions of the Department in regulation of the industry, and the passage in the 1990 and 1991 legislative sessions, of the most extensive insurance legislation in many years. Concerns about insurer solvency have become much more extensive, coinciding with a concern by concerns about the cost of insurance coverages. Healthy competition between companies is necessary to encourage availability of insurance at reasonable prices and to promote efficiency in company operations.

The insurance industry, through the payment of premium taxes is one of the largest contributors to the general revenue fund of the state of Missouri. Insurance companies operating in the state were assessed a total of $118,573,571 in premium taxes for 1990. As of December 31, 1990, there were 1,726 companies doing business in the state, 238 domiciled in Missouri.

Our Consumer Affairs Division continues to serve the citizens of this state in an outstanding fashion. During 1989, the consumer service representatives in the three offices, Jefferson City, Kansas City and St. Louis, handled 6,881 complaints and 39,533 inquiries and were able to recover $5 million for Missouri consumers. Besides handling complaints and counseling consumers on buying insurance, this section distributes informational brochures on most lines of insurance to the public, provides public speakers for a number of consumer groups and conducts informational seminars. Most important, in October 1990 the Department opened a toll-free hotline to receive calls from consumers regarding their insurance problems. We encourage consumers to use this number, 1-800-726-7390, to contact the Department of Insurance.

In addition, our special investigators were involved in 979 complaints against agents, brokers and agencies. Fines and forfeitures paid because of these investigations, and investigations conducted by the financial examination and market conduct teams amounted to approximately $543,000 being paid into the state school funds by the insurance industry.

In 1990, we saw major adjustments to the Licensing Section with the passage of legislation requiring an annual renewal of agent licenses for the more than 80,000 agents licensed to sell insurance in the state of Missouri. Notification of the requirements of this law were sent to all agents, along with explanations of the changes and the continuing education law. In the 1991 legislative session, the General Assembly continued the work begun in 1990 to increase the funding and regulatory authority of the Department to regulate the insurance industry. The Department's budget is now funded entirely from fees and license renewals paid by companies and agents so that the insurance industry in Missouri pays for its own regulation. Major legislation passed by the General Assembly to amend the statutes outlining unfair trade practices and claims settlement practices for companies,and to improve legislation regarding the monitoring of the solvency of insurance companies are clearly continuations of a desire to improve insurance regulation. These legislative changes along with increased budget resources will allow us to improve services available to the public to effectively regulate the insurance industry in this state.

As citizens you have voiced your desire to increase the focus on insurance regulation by elevating its regulation to a department status. I invite you to take advantage of that increased emphasis by calling the Department whenever you have concerns regarding your insurance.

THE DEPARTMENT OF INSURANCE

The Missouri Department of Insurance was a division within the Department of Economic Development until June 30, 1991. It was created by an act of the Missouri Legislature on March 4, 1869 to regulate the insurance industry. On August 7, 1990, the voters of Missouri passed a constitutional amendment elevating the Division of Insurance to a cabinet level agency.

When the division was first created, there were 171 insurance companies doing business in the state, 51 were Missouri companies. On December 31, 1990, there were 1,726 companies authorized to transact business in the state, with 238 being Missouri domiciled.

During 1990, the division staff consisted of one half-time and 86 full-time employees, including two employees of the federally funded Missouri crime program and four employees dedicated to maintaining the data for agents' continuing education requirements. During this time, eleven separate sections made up the division: Administration, Consumer Services, Examination, Legal, Licensing, Life and Health, Market Conduct, Property and Casualty, Receiverships, Statistics, and Support Services.

The main office of the agency is located in the Truman State Office Building, 301 West High Street, Room 630, Jefferson City, Missouri 65102. Branch offices are located at 615 East 13th Street, Room 512, Kansas City, Missouri 64106 and the Wainwright Building, 111 North 7th Street, Room 229, St. Louis, Missouri 63101.

In the 122 years of its existence, the Missouri Division (Department) of Insurance has been through numerous changes in its operations and laws. However, the Missouri Division (Department) of Insurance has always and continues to be, a dominant agency in the state of Missouri. It is dedicated to providing services for the consumer and the insurers of the state and the regulation of the insurance industry in Missouri, making certain that the insurance companies are properly supervised and operating safely for the protection of the policyholders.

ADMINISTRATION

The Director of Insurance is appointed by the Governor of the state with the advice and consent of the Missouri Senate.

The Director is responsible for the administration of the department. His administration staff consists of Director of Resources Administration and Director of Operations, an Administrative Assistant, a Program Assistant, a Research Assistant, and one secretary.

The administrative staff help the Director in making policy decisions for the department, provide research and other support to the Director on his legislative agenda, work with the legislature on department proposals, oversee the functions of the various other sections, coordinate the activities of the department, provide public information through press releases, public speaking and special reports, and conduct internal auditing for the other sections.

LEGAL SECTION

The Legal Section is comprised of a General Counsel, Associate General Counsel, four additional attorneys, three special investigators, and two secretaries. Its primary duty is to assist the Director in the enforcement and interpretation of the Missouri laws.

Division attorneys conduct hearings on a variety of issues including the acquisition or merger of insurance companies, reinsurance proposals, change in workers' compensation rates, and enforcement of insurance statutes and regulations.

The Legal Section provides assistance in the filing of receivership and conservatorship documents. In addition, the section is charged the responsibility for enforcement of the Missouri Insurance Holding Company Act.

The staff counsel assist the Director and the administrative staff in drafting proposed legislation and in following it through the legislative process. Constant review and redrafting of regulations and recently enacted legislation are ongoing projects of the legal staff of the Department of Insurance.

Staff counsel also handle legal issues and proceedings relating to financial and market conduct examinations.

The Department Special Investigators are included as part of the Legal Section staff. They are responsible for investigating complaints filed against agents, agencies, and brokers, in addition, are used for a variety of other investigative assignments. The legal staff attorneys work with the investigators to enforce the laws and regulations governing agent and broker behavior in the state and appear before the Administrative Hearing Commission to represent the Department in agent, agency, and broker licensing disputes. During 1990, the investigative staff handled 979 complaints on agents, brokers, and agencies.

RECEIVERSHIPS

The Receivership Section has the responsibility of monitoring, advising, investing money and reporting on the operations of insurance companies in rehabilitation or liquidation under the supervision of the Director of the Department of Insurance.

As of December 31, 1990, the domestic companies in liquidation and their liquidation dates were:

Company	Liquidation Date
Missouri Provident Insurance Company	01/24/91
American Independence Life Insurance Co.	04/24/90
Missouri National Life Insurance Co.	06/29/89
Continental Security Life Insurance Co.	07/07/89
Holland-American Insurance Company	03/06/87
Mission Reinsurance Company	03/06/87
Professional Mutual Insurance Company	10/09/87
Transit Casualty Insurance Company	12/03/85
Missouri General Insurance Company	09/12/75
Medallion Insurance Company	09/12/75

The following companies are domiciled in other states but are reviewed as ancillary receiverships by the section:

Mission Insurance Company	03/06/87
Proprietors Insurance Company	08/05/81

The Missouri Property and Casualty Guaranty Fund was established in 1978 to provide protection for consumers in the event of the insolvency and subsequent liquidation of a property and casualty company. On August 13, 1988, the Missouri Life and Health Insurance Guaranty Association Act became effective. This act provides life, annuity and health benefits for claimants of licensed insolvent life and health companies. The Receivership Section works with these guaranty funds to keep the public informed of the protection available to it.

1990 LEGISLATIVE SESSION

House Bill 998 High-Risk Insurance Pool. Establishes a "Missouri Health Insurance Pool," which will act as a source of insurance for high-risk individuals who cannot acquire coverage elsewhere and for those whose premiums have increased to exceed 300% of the standard risk rate. Those without access to health insurance will be able to obtain coverage from the pool, except for inmates of public institutions, those receiving Medicaid or eligible for Medicare, those eligible for continuation or conversion of their policies under state or federal laws and whose premiums do not exceed 300% of the standard risk rate. An employee may not be involuntarily terminated from his or her employer's group coverage on the grounds that he or she may subsequently enroll in the high-risk insurance pool.

House Bill 1630 Medicare Supplement Insurance and Financing of Insurance Premiums. The Director of the Division of Insurance has the authority to establish standards by rule for marketing practices, compensation arrangements and reporting practices relating to medicare supplement insurance. It also repeals statutory language on compensation and on replacement policies. The bill permits insurance companies to finance insurance premiums including life, accident, and health premiums.

House Bill 1739 Reorganization of the Division. Amends the state statute relating to the organization and funding of the Division of Insurance. It modifies the Division's status within the Department of Economic Development from a "Type II" division to a "Type III" division, giving the Division greater autonomy. The Director will appoint a deputy director to help oversee the Division and personally manage several sections, including financial examinations and market conduct examination. The duties of the consumer service section are outlined, also included are complaint investigation and the maintenance of a toll-free number, furthermore it assigns an attorney to the consumer service section to act as an advisor. It sets forth the requirement of the following: an actuary, a chief financial examiner, chief market conduct examiner, general counsel, an assistant general counsel, and a reinsurance analyst. It designates a "Dedicated Fund" for the Division, into which certain fees collected by the Division will be paid, to be used solely to fund the Division. Spending from the fund will be subject to appropriations by the General Assembly. It creates a renewal fee for insurance agents' licenses of $25 every two year, and increases the initial and/or renewal fees for insurance brokers, public adjusters, third party administrators, and surplus lines licenses. These fees, along with other regulatory fees, will be deposited in the Insurance Dedicated Fund. It creates an Advisory Commission on Insurance Regulation to monitor the operation of the Division, as requested by the Governor or the General Assembly.

NAIC's Managing General Agents Act was also incorporated into this legislation. Other legislation included in this act are: requires mandatory coverage of private insurance applicable to the state of Missouri's coverage; prohibits reinsurers from making agreements that condition letters of credit on an insurance company's solvency; increases penalties for fraud by insurance companies against policyholders and by policyholders against insurance companies; requires prepaid legal insurance be sold only be licensed insurance agents; and required health insurance companies to have chiropractors evaluate claims brought by persons who have been treated by a chiropractor.

Senate Bill 742 Mammography Screening. Requires all individual and group health insurance policies, individual, group service, and managed health care delivery plans which are issued or renewed after August 28, 1990, to provide coverage of low-dosage Mammography screenings for nonsystematic women.

Senate Bill 752 Workers' Compensation. Revises the workers' compensation law by increasing benefits to be paid.

Senate Bill 765 Health Care and Insurance Programs. Revises Medicaid law to comply with the requirements of the federal Omnibus Budget Reconciliation Act of 1989 and includes the NAIC model legislation on long-term care.

Senate Joint Resolution 31 Insurance Reorganization. A joint resolution submits a constitutional amendment to the voters of the state of Missouri in the 1990 primary election to create a Department of Insurance. Under the proposed amendment, the Department of Insurance would have a division of Consumer Affairs. This division would investigate, in conjunction with other personnel of the department, all allegations of unfair or unlawful acts by any person or entity whose activities are regulated by the department. Upon voter approval, the amendment will become effective July 1, 1991.

INSURANCE RELATED BILLS
1991 LEGISLATIVE SESSION

House Bill 72 Flood Hazard Mitigation. This act brings Missouri in compliance with FEMA's requirements of the National Flood Insurance Program.

House Bill 180 Federal Credit Union Insurance. This act amends current law to require that credit unions must obtain and maintain share insurance with the National Credit Union Administration.

House Bills 385, 387, 389, 390, and 451 The Omnibus Insurer Solvency Law. This legislation contains several NAIC Model Acts, they are: requires the Missouri domestic companies to submit an annual audited financial report to the Department; junk bond limitations; redomestication of an insurer's "home state" by, simplifying the process of changing its designation to Missouri; oversight and regulation of reinsurance intermediaries; amends the rehabilitation and liquidation act; and establishes the administrative supervision act. Additionally, the act provides that Missouri does have the authority to regulate MEWAs and METs, unless they can show they are licensed in another states or are a certified ERISA plan. Amends the Missouri statute on Insurance Holding Company Regulatory Act that regulates acquisitions involving domestic (i.e. Missouri) companies, and expands the oversight to other companies.

Other areas addressed in this bill include: the formation of an examiners' fund with enabling language; amends the credit for reinsurance statute; expedites delinquency procedures; prohibits insurance companies from showing contribution to the Property and Casualty Guaranty Association and Life and Health Guaranty Association as an admitted assets on their books; property and casualty policies and life and health policies that exceed coverage limits must have disclaimers; continuous coverage requirements for certain employers must be provided; expands the mandated coverage for mammograms to cover HMO contracts and self-insured plans that are not covered by the federal ERISA statute; prohibits the Department of Insurance from hiring a Director, Deputy Director, Division Director or General Counsel who has been employed as an officer of an insurance company during the proceeding 6 months; prohibits the Department from entering into covenants not to sue or other agreements to refrain from taking regulatory action against any regulated entities; it will be a class C felony to file a report of false representation of the financial condition of an insurer; and establishes civil immunity for the members of the Board of Directors of the Missouri Health Insurance Pool for acts or omissions which are not intentional or reckless.

House Bill 561 Refund of Health Insurance Premiums. This bill requires health insurers to refund any portion of a premium they do not earn due to the death of an insured. Refund it made to the decedent's spouse or primary insured, if the decedent was a dependent. If the decedent was neither married nor a dependent, the refund goes to the estate of the decedent. The refund requirement applies to group policies only if the insured pays the full premium directly to the insurer.

House Bill 575 Reorganization of the Department of Insurance. This act reorganizes the Department of Insurance. It requires the Director of the Department to establish a Division of Consumer of Affairs, and the Director may establish other divisions. It provides that the Advisory Commission on Insurance Regulation shall study the necessity of making the Division of Consumer Affairs a Type III agency within the Department of Insurance. The act also increases the fee for an insurance company appointing an agent from $5 to $10, and provides a fee of $10 for an insurer to terminate the appointment of an agent. The act provides a late renewal fee of $25 per month for renewals of agents', brokers' and agencies' licenses. An agent may retain his or her license even though they have not been appointed for over two years, if he or she pays all licensing fees and completes his or her continuing education requirements.

The act provides that the authority of the Director to revise credit insurance premium rates shall be suspended until August 28, 1992. A joint legislative committee is to review the Director's authority and report their findings to the General Assembly prior to the start of the 1992 legislative session. The act provides that the continuing education requirements applicable to insurance agents shall not apply to life insurance agents who sell only small policies designed for payment of funeral or burial expenses. This act further amends the current law requiring the production of a Products Liability Report and making it an option.

House Bill 595 Mutual Insurance Companies' Guaranty Fund. This bill changes the requirement that mutual property insurance companies which sell liability insurance have a guaranty fund of fifty thousand dollars or 1/10 of one percent of net liability insurance, whichever is greater, to requiring fifty thousand dollars or twenty-five percent of premiums not covered by certain types of reinsurance whichever is greater.

Senate Bill 53 Unfair Trade Practices and Unfair Claims Practices Act. This act separates the sections regulating unfair trade practices and unfair claims practices and provides for monetary penalties for violations. Insurers and persons engaged in the business of insurance will be guilty of an unfair insurance practice if they act in conscious disregard of the unfair trade practice act or the unfair claims practices act, or if the practice is committed with such frequency as to indicate a business practice.

It also broadens the definition of unfair discrimination to include discrimination based on age, martial status, race, sex, religion and physical or mental impairment.

Senate Bill 352 Agricultural Credit Life, Utilization Review Agents, and Alternative Mandated Offering. This act provides that credit life insurance on agricultural credit transactions can be written for loan terms of up to forty-eight months rather than being limited to thirty-six months. The act adds an alternative mandated offering that may be made in group health insurance policies concerning the required coverage of expenses of alcoholism, drug addiction, and chemical dependency. In addition, the insurer shall also provide coverage for mental illness, also based on benefits payable for particular treatment settings for certain time periods.

This act regulates the activities of persons or entities who evaluate medical care or services and the cost or services provided as a condition for the reimbursement of the costs of such care or services ("utilization review agents").

The act provides that health insurance plans offered or renewed in Missouri shall cover adopted children of the insured, from the time of placement of the child for adoption with the insured.

Company Regulation

COMPANY REGULATION

Company Regulation is comprised of the four areas of the Department of Insurance most directly involved with the regulation of the companies' day-to-day business practices. They are financial examination, market conduct, life and health, and property and casualty.

The Financial Examination and Market Conduct Sections are focused on audits of the insurance industry of the state of Missouri. Financial audits are performed on the insurance companies incorporated in the state. Performance and compliance audits are conducted by the Market Conduct Section on all insurance companies authorized to transact the business of insurance in Missouri. These companies include not only those incorporated in Missouri but all of the 1,726 companies with certificates of authority allowing them to sell insurance to Missouri residents.

The Life and Health and Property and Casualty Sections are responsible for the review of company products, rates, and underwriting rules. The level of their review authority varies by product and coverage type. Some insurance products must receive prior approval of the department before being sold in the state. Other products may be sold prior to being submitted for review but must be placed on file with the department.

It is the object of Company Regulation to audit the insurance industry to determine potential problems in the area of solvency and market behavior. At the same time, using the information developed from these audits, the department seeks to establish standards of review of insurance products and to apply these standards to assure that the insurance buying public in the state of Missouri is receiving quality coverage for the premiums paid.

FINANCIAL EXAMINATION SECTION

The activities and personnel of the Financial Examination Section are divided into six areas and are under the supervision of the Chief Examiner. In addition to the Chief Examiner, the staff includes; the Assistant Chief Examiner, six internal members, 25 field examiners, and two surplus lines examiners.

The responsibilities of the section include the following: (1) to prevent the insolvency of domestic insurance companies; (2) to take appropriate legal action to limit damage to policyholders and taxpayers caused by insolvent insurers; (3) to determine the financial condition of all domestic and foreign companies operating in the state; (4) to allow financially sound and competently managed companies to be formed as Missouri domestics or to be admitted as licensed insurers; (5) to supervise the activities and operations of all excess and surplus lines; (6) to evaluate business being placed in the non-admitted market; (7) to supervise the examinations of all domestic companies in Missouri; (8) to assess and effect the collection of all premium taxes and filing fees that may be due the state of Missouri; and (9) to assist the general counsel in matters pertaining to receivership, hearings for mergers, reinsurance or sale of companies.

The units within the section and their respective responsibilities follow:

Acquisition and Financial Analysis

This unit is involved in financial analysis of insurance companies in the process of merging, acquiring, and divesting. The information derived from this analysis is used in hearings on such activity and in recommendations given to the director.

Over the last two years, computerized analysis of companies' financial statements has been developed. The analysis includes a two-stage desk audit for each company. The first step is a manual check of each annual statement as to assets, surplus capital, income, and market value of capital deposit. The second check involves use of the NAIC database information system and is performed after all insurance companies have filed their annual statement diskettes with the NAIC. Companies which this analysis indicates may be potential problem companies are closely monitored through additional requests for information and through required quarterly reporting to the department.

This unit also reviews through the NAIC database the early warning ratios (IRIS) and other state regulatory information (IRIS).

Excess and Surplus Lines

The excess and surplus lines unit is responsible for regulating the excess and surplus lines market through surplus lines, licensee. Individuals licensed for surplus lines may procure coverage for their customers from eligible surplus lines carriers when coverage is not available through the admitted market.

Pursuant to Section 384.043, individuals holding a resident property and casualty broker license may be licensed for surplus lines by passing an examination, completing an application, filing a $10,000 bond and remitting a fee of $50. The Missouri surplus lines licensee is responsible for filing with the department a written report on each surplus lines placement within 30 days of the effective date of coverage.

As of December 31, 1990, 321 individuals held a Missouri surplus lines license. There were 13,016 surplus lines placements and 9,948 amendments to these placements approved during 1990.

Surplus lines brokers are assessed a five percent tax on net premium written. Section 384.057 requires that all individuals licensed for surplus lines file a tax report before March 2 on all surplus lines transactions for the previous year. This tax generated $4,783,127 for the 12 month period ending December 31, 1990.

The Missouri surplus lines law also allows an individual to self-procure insurance in the surplus lines market. Self-procured surplus coverage generated tax of $617,057,94 for the period ending December 31, 1990. This made a total of $5,400,220.94 surplus lines tax collected during the year 1990.

Surplus lines audits conducted by the two surplus lines field examiners during 1990 revealed $137,103.86 in unreported taxes for former years. This tax was collected during 1990.

A list of Missouri approved non-admitted carriers is included in the "Insurers Section" of this report.

Field Examination

The Director of Insurance has the authority within the Missouri Insurance Code to call for an examination of domestic companies whenever it is deemed necessary. The department currently operates on a flexible examination system with examinations being performed on an as needed basis based on a review of the companies' financial statement. Some companies may be examined more often than every three years and some less often than every three years.

The Chief Examiner arranges the scheduling of all examinations and assigns the necessary examiners to conduct them. Financial examiners conduct audits following recognized examination procedures in accordance with the Missouri Insurance Code and National Association of Insurance Examiners.

The following are Missouri domestic companies shown with the ending date of the period being examined.

Securities

The securities unit is responsible for the control and accounting of joint deposits required by Missouri law to be held as security for the benefit of policyholders. Life companies have a reserve deposit requirement. At one time, this represented the major portion of the joint deposits, however, because of the establishment of the life and health guaranty association in

1988, the companies were granted the privilege of withdrawing 80 percent of their reserve deposits immediately and five percent a year for the next four years. The securities, which are kept in safe deposit boxes in Jefferson City, Kansas City, St. Louis and Springfield, must be eligible for deposit according to the Missouri statutes. Security balances are verified with the individual companies via the financial examination reports.

Certified copies of security deposits are available upon request.

Securities on deposit with the Missouri Department of Insurance as December 31, 1990 are shown below.

Type of Deposit	Percent of Total Deposits	Total Amount of Deposits
Capital Deposit	11%	148,717,149
Reserve Deposit	85%	1,124,297,998
Special Deposit	4%	47,304,621
TOTAL DEPOSITS	100%	1,320,319,768

Listed below are deposits for the last ten years by year.

Year	Deposit	Year	Deposit
1981	$2,720,049,738	1986	$3,971,038,116
1982	$2,794,442,992	1987	$4,813,941,392
1983	$2,990,591,804	1988	$3,082,003,985
1984	$3,149,781,638	1989	$2,396,647,566
1985	$3,521,384,345	1990	$1,320,319,768

Tax and Audit

The tax and audit unit of the Financial Examination Section has the responsibility for determining the amount of premium taxes payable by each insurance company. Annual tax returns are to be filed by March 1 of each year for the previous year's business. After an audit of these tax returns, the Department of Insurance certifies to the Department of Revenue the amount of tax due from each company. Tax assessment notices for the June 1 quarterly are prepared and mailed by the Department of Revenue about April 30.

Missouri requires quarterly tax prepayments. These payments are required to be 25 percent of the prior year's tax amount and are due on March 1, June 1, September 1 and December 1. The June payment is a reconciling payment wherein any overpayment of the prior year's tax is applied to the June 1 prepayment and any further overpayment is available for refund. Any balance of the prior year's tax is also collected on June 1 with the quarterly prepayment. The company must file a claim for refund, signed and notarized as per section 136.035 RSMo for overpayment amounts shown on the June assessment notice. If no refund is requested, the overpayment will be applied toward the September or December quarterly tax prepayment.

Beginning in 1989, insurance companies were required to collect a second injury surcharge from the workers' compensation policyholder for funding the second injury fund. The surcharge rate is to be determined each year by the director of the Division of Workers' Compensation. For 1990 and 1991 the surcharge rate is three percent. Money collected for this fund is remitted to the Department of Revenue 30 days after the close of each quarter.

The Missouri premium tax rate is two percent. A number of tax credits are allowed against this tax, including credits for: examination fees, income taxes, franchise taxes, valuation fees, Secretary of State registration fees, personal property tax, neighborhood assistance, and insurance guaranty association assessments. The total credits allowed for 1990 were $11,995,249.

Missouri law also allows direct premiums to be reduced by dividends, returned premiums and group health benefits paid, and since 1986, premiums on annuities. Deductions from direct premiums written for group health benefits paid to employer and union groups during 1990 amounted to $463,771,862, while deductions for annuities were $829,252,001.

The following recapitulation is for taxes assessed on April 30, 1991 for the calendar year 1990.

LIFE AND HEALTH SECTION

The Life and Health Section is primarily responsible for reviewing the life and health contracts and related forms marketed in Missouri. This responsibility extends to coverage offered by all insurers, health maintenance organizations, health service corporations, fraternal benefit societies, and prepaid health plans licensed in Missouri. The section consists of a supervisor, five compliance technicians, and two clerk typists.

The products offered for sale in the state are analyzed to assure that they comply with applicable Missouri statutes and regulations. The companies must receive formal approval of these products before they may be marketed in the state.

Due to the continuous development of new products, adoption or revision of statutes and regulations and forces of competition, companies are constantly updating their portfolio of products. The life and health section received over 12,000 form and rate filings in 1990.

The section also has the responsibility for regulating the rates charged for Medicare supplement coverage. Insurers must return, in the form of benefits, 60 percent of the premium collected on individual policies and 75 percent of the premium collected on group policies.

The only other area of life and health coverage in which the rates are regulated is credit life and health insurance. The section reviews credit rate filings to assure that rates for these coverages do not exceed the rates published in statute unless the loss experience submitted with a rate deviation filing warrants an increase.

In addition to its review of products, the section publishes a report showing the experience of each of the health maintenance organizations licensed in the state.

The personnel of the section are available to the public to answer questions and to speak before consumer groups concerning life and health coverage in the state. They also represent the director of insurance on several insurance advisory boards.

MARKET CONDUCT EXAMINATION SECTION

The Market Conduct Examination Section is charged with the responsibility of examining all companies licensed to do business in the state for their conduct in the market place. A Chief Market Conduct Examiner, Exam Coordinator, and 28 field examiners make up the section.

Market Conduct is essentially interested in the performance of the industry toward the consumer. The section also evaluates the competitive environment in which the industry functions. Examinations may include: (1) analysis of Missouri rate structures; (2) review of the individual policy rate applications; (3) review of policy forms, endorsements and company filings; (4) review of company practices and procedures; (5) assessment of a company's claims practices and procedures for Unclaimed Property collection. Examinations targeted to a specific problem area are also conducted.

Company products and practices are evaluated in light of the needs of the insurance buying public. Careful attention is given to all insurance department statutes and regulations intended to protect the consumer. During the examination process, companies with unpaid or inadequately paid claims are directed to remit these to the consumer or other appropriate party to whom they are owed.

During 1990 the section examined the following 70 companies:

Philadelphia American Life
Balboa Life
Balboa Insurance Company
Delta Dental Plan

PROPERTY AND CASUALTY SECTION

The Property and Casualty Section consists of a Supervisor, four Compliance Technicians and one clerk.

One of the primary responsibilities of the section is the review of the policy forms, endorsements, rules and premium rates submitted by insurance companies and the determination that they are in compliance with rules and regulations of the insurance laws of the state. Within the parameters of Missouri's open competition rating laws, rates are monitored in relation to premium volume, market share, loss and expense experience, investment income, profitability, inflation trends, historical data and other criteria developed by the filing company. When the rate monitoring reveals serious questions of compliance, correspondence ensues or a conference is arranged with company representatives to discuss the matter.

Another area of responsibility is the oversight of advisory, rating, statistical, and joint underwriting associations and organizations. The section reviews all documents required for licensing or other authority for these groups. Compliance for these organizations includes the filing of the association by-laws and membership lists, agent for service of process, qualifications to act and an agreement to be examined.

The Property and Casualty staff scrutinizes and submits to the Director recommendations for the disposition of rate, rule and form filings submitted by and for those pools established to provide coverage for applicants who are unable to purchase protection in the voluntary markets. These are the Joint Underwriting Association (automobile insurance), Missouri Property Insurance Placement Facility or FAIR Plan (fire insurance) and the Workers' Compensation Insurance Plan for the liability of employers.

Workers' compensation insurance administration differs from lines of business operating under open competition. Rates are determined after public hearing and rules and forms must be approved prior to their use by companies. The criteria for disposition of the rates by the Director are similar to those criteria employed for monitoring the competitive rate system. The staff works closely with Legal, Statistical, and Administrative sections to determine what the rates for workers' compensation should be.

The staff calculates and processes experience ratings, classifications, premium taxes and second injury fund surcharges for workers' compensation self-insured employers and certifies to other state departments the amounts due and owing from the employers.

In addition to the regulatory functions, the section serves the consumer by answering telephone and written inquiries concerning coverage and premium rating information. The staff represent the Director on various insurance industry boards and committees. They also are available for public speaking assignments concerning property and casualty issues.

Operations

OPERATIONS

Operations is comprised of those areas which support the department as a whole. The areas are Consumer Services, Licensing, Statistics, and Support Services.

The Consumer Services Section not only is responsible for answering complaints and inquiries from Missouri consumers but also provides the Financial Examination and Market Conduct Examination areas with information that might trigger an exam. It maintains complaint indexes by reason for complaint on all companies and may be the source of the first indication that a company is having difficulty paying claims and is in financial trouble. Consumer inquiries or complaints might also indicate that unapproved forms are being used.

Licensing maintains detailed records on all individuals licensed in the state and works closely with the Legal Section and Special Investigators to provide up-to-date information on those licenses.

The Statistical Section, in addition to receiving data and compiling reports as required by law, also provides support to the other sections. For instance, the sections maintains the loss ratio statistics on medicare supplement policies.

Support Services handles all personnel support, including personnel files and payroll deductions, and is responsible for managing the Department's budget.

CONSUMER SERVICE SECTION

The Consumer Service Section handles complaints and inquiries from the public concerning insurance companies, health service corporations, health maintenance organizations, third party administrators, and general insurance issues. The section acts as a liaison between the consumer and the company to resolve insurance disputes.

The Jefferson City office staff consists of a supervisor, four consumer representatives, a processing coordinator, a clerk typist, and a hotline clerk. There is also a branch manager, consumer service representative, and a clerk typist in the Kansas City and St. Louis offices.

During 1990, the section processed 7,122 complaints, answered 44,049 inquiries, and helped collect over $7 million for Missouri consumers. Since 1973, the section has collected over $61 million for Missouri citizens.

The nature, type and disposition of every complaint filed against an insurance company doing business in the state of Missouri is recorded into a computer. This information is one of several tools used to determine whether companies operating in Missouri are abiding by Missouri law in their dealings with policyholders.

Consumers are able to call or write the section and obtain the financial status, licensing status, and number of complaints filed against companies operating in our state. This information is especially helpful to consumers who are shopping for insurance coverage.

In October 1990, the Legislature authorized installation of a toll-free hotline. Missouri consumers may call 1-800-726-7390, leave their name and phone number and a consumer representative will call them and discuss their insurance complaint or answer their inquiry.

In addition to handling complaints, the Consumer Service Section provides many other services. Consumer Service Representatives are available in any of the three offices to counsel individuals on their insurance needs and to review policies that they have or are considering for purchase. The section also is responsible for distributing the several shopping guides and informational brochures that the department produces.

The section conducts seminars on insurance issues, provides speakers, and participates in other insurance-related consumer activities.

LICENSING

Licensing processes all applications for licenses and maintains computer records on the 89,000 insurance agents, 9,000 brokers and 6,000 agencies, as well as surplus lines brokers, bail bond agents, general bail bond agents, public adjusters and public adjuster solicitors.

The Licensing staff has 15 members, including a supervisor and an assistant supervisor.

Certification letters, clearance letters, and renewal licenses are issued daily by this section. During 1990, over 13,000 examinations were administered for the various licenses requiring an examination.

The section also processed 120,662 appointments and 88,446 terminations received from insurance companies. All companies are required to notify the Division of Insurance when they appoint or terminate an agent.

In addition to the licensing requirements, the section monitors all schools and their instructors providing pre-licensing education courses. Pre-licensing education is required of all Missouri residents applying for an agent or broker license.

The Licensing Section is also responsible for maintaining the continuing education records for all licensed agents and brokers. As of January 1, 1990, all individuals holding an agent or broker license in Missouri must complete continuing education courses, unless they reside in another state that also has enacted and implemented mandatory continuing education. Continuing education credit hours may be earned by completing insurance professional designation courses, insurance college courses, self study courses, or by attending lectures, seminars and workshops. Successful completion of any examination leading to a professional designation also earns C. E. credit hours. Approximately 1200 courses were approved in Missouri in 1990.

STATISTICAL SECTION

The Statistical Section consists of three employees whose primary responsibility is to collect, edit, analyze, and provide summarized statistical information concerning the insurance industry in Missouri. The section also provides actuarial, computer, and other technical support to the other sections in the Department.

The data provided by the Statistical Section is used to identify problem areas concerning the availability, solvency, rate inadequacy, rate excessiveness, market conduct, and trends of the insurance industry.

The section compiles all data reported by companies under requirements set forth by regulation or statute. During 1990 over 5,000 statistical submissions were received from companies. All submissions were reviewed for accuracy and completeness before they were entered into the department's database.

The section also helped generate data used to calculate assessments for the guaranty fund and has provided much of the company financial data used in this report.

In addition to the extensive database maintained in-house to generate reports, the Statistical Section has access to the National Association of Insurance Commissioners' State Data Network. The NAIC's database contains the data from the annual statements for all companies writing business in any of the 50 states. This information is used to provide comparisons by company.

The reports listed below are published annually by the Statistical Section and are made available to the public through the Missouri State Library System:

1. Missouri Market Share by Line of Business
2. Missouri Medical Malpractice (Closed Claim) Report
3. Missouri Products Liability (Closed Claim) Report
4. Missouri Private Liability (closed Claim) Report
5. Missouri Homeowners Insurance Report
6. Missouri Legal Malpractice (Closed Claim) Report
7. Missouri Commercial Liability Report
8. Missouri Real Estate Malpractice (Closed Claim) Report

In addition, the following studies are compiled annually for in-house use only:

1. Missouri Complaint Indices
2. Missouri Profitability by Line by Company (P&C Only)
3. Credit Insurance Experience Report
4. Medicare Supplement Experience Report
5. Mortgage Guaranty Report

SUPPORT SERVICES SECTION

The Support Services Section is responsible for personnel management, the division budget, maintenance of the permanent records in the office, and accounting and support functions of the division as well as word processing. The section consists of a Supervisor and staff of nine full-time and one half-time employees.

The Department of Insurance is funded through general revenue and the annual budget is approved by the legislative appropriations process. The Support Services Section manages the annual budget to assure adequate appropriations are available to support the funding necessary to carry out the Department's responsibilities.

Although premium taxes are paid to the Department of Revenue, the Department of Insurance is responsible for collecting and depositing to the correct state funds the license fees, regulatory fees, excess lines of insurance tax, and the fines and forfeitures levied by the Department. Support Services strives to maintain a 24 hour turnaround time between receipt and disbursement of these moneys. A schedule of the revenues collected by the section during 1990 is listed below.

Beginning January 1, 1991, receipts were deposited into the Department's Dedicated Fund in preparation of the funding of the Department of Insurance beginning July 1, 1991.
